

Splash House 2021 | August 14-15 & 21-22 | 12PM-8:30PM
Saguaro Hotel | 1800 East Palm Canyon Drive, Palm Springs, CA 92264

Dear Neighbor,

My name is Darren Carroll, and I am gratefully returning as the Community Relations Liaison representing the organizers of Splash House. We are excited to announce the return of our festival this summer. The events are scheduled for Aug 14-15 & 21-22 at the Saguaro between the hours of 12PM-8:30PM.

As always, minimizing potential disturbances is a priority for us and we remain committed to working together with residents and the city for successful events. In addition to the noise mitigation measures implemented in 2019, this year we are adding rigging to fly a line array sound system to better steer and contain audio energy within the property. We will also be making periodic visits to various hotel perimeter points as well as within the community to monitor the sound levels during our events.

I welcome texts or calls from residents directly if the sound becomes a problem at any time. It is helpful to us when we can identify the nature, location, and time of each potential disturbance in the best manner possible.

On behalf of The Splash House team, thank you for your support and understanding. Please feel free to contact me should you have any questions.

Sincerely,

Darren Carroll
